Federal Reserve Board announces the Bank Term Funding Program (BTFP) will cease making new loans as scheduled on March 11

For release at 7:00 p.m. EST

The Federal Reserve Board on Wednesday announced that the Bank Term Funding Program (BTFP) will cease making new loans as scheduled on March 11. The program will continue to make loans until that time and is available as an additional source of liquidity for eligible institutions.

During a period of stress last spring, the Bank Term Funding Program helped assure the stability of the banking system and provide support for the economy. After March 11, banks and other depository institutions will continue to have ready access to the discount window to meet liquidity needs.

As the program ends, the interest rate applicable to new BTFP loans has been adjusted such that the rate on new loans extended from now through program expiration will be no lower than the interest rate on reserve balances in effect on the day the loan is made. This rate adjustment ensures that the BTFP continues to support the goals of the program in the current interest rate environment. This change is effective immediately. All other terms of the program are unchanged.

The BTFP was established under Section 13(3) of the Federal Reserve Act, with approval of the Treasury Secretary.

The mega black swan event predicted for March 15th actually did take place as will become increasingly obvious over the coming days and months. The Khazarian Mafia's so-called "Rules Based World Order," has surrendered, according to Asian Secret Society and White Dragon sources. The hybrid war for control of the planet Earth that has been raging at least since September 11, 2001, is thus ending.

This came as a White Dragon Society representative hand-delivered a declaration of war against the Japanese government. The declaration said the government was controlled by foreign gangsters who murdered over 400,000 Japanese citizens with vaccines. Demands include the expulsion of fake US Ambassador Rahm Emanuel and all foreign “Japan handlers.” It calls for the formation of an emergency government under the Japanese royal family, It also calls for the nationalization of the Bank of Japan, a jubilee, the reinstatement of the Economic Planning Agency and more.

The imminent move in Japan comes after Chinese authorities arrested 726,000 people last year, a jump of 47.1% from the previous year... amid a crackdown on crimes linked to “hostile foreign forces.”

In a public sign the Khazarian Mafia is surrendering, “Pope Francis” said Ukraine should have the courage to wave the “white flag” of surrender to Russia and the planetary liberation alliance.

EU High Representative for Foreign Affairs and Security Policy Josep Borrell also confirmed the KM surrender when he wrote on his blog:

“If the current global geopolitical tensions continue to evolve in the direction of ‘the West against the Rest,’ Europe’s future risks to be bleak. The era of Western dominance has indeed definitively ended.”

In further sign the KM-controlled US regime is finished, Russian President Vladimir Putin says Washington has become a laughing stock of the rest of the world. ***“I think it’s obvious to everyone that the American political system cannot claim to be democratic in any sense of the word...and is becoming “increasingly uncivilized.”***

Yet another sign came on March 11th -the anniversary of the Fukushima terror attack- when the Federal Reserve Board stopped bailing out banks.

This means most of the major Western banks are now de facto bankrupt.

That is why “All Major CEO’s are selling their stocks,” many commentators agree.

Oops, even ole Warren Buffet wants out before the collapse: *IRS data reportedly shows Buffett traded Berkshire stocks in personal account, according to ProPublica*

Warren Buffett was allegedly front-running or trading stocks in his personal account that his conglomerate Berkshire Hathaway was buying and selling. This is a practice that he himself in the past deemed a conflict of interest, according to ProPublica on Thursday. It's more than that, it is illegal.

All this is happening because behind the scenes on March 15th an Asian royal was officially designated as the new M1 or controller of the financial system, according to Asian secret society sources. Christine Lagarde is President of the European Central Bank because she agreed to take orders from the new M1, they add.

The sources say confirmation of change will come when Goldman Sachs announces their departure from Japan on April 15th.

This is a mega black swan event for many reasons. A change in control of the financial system is a change in control of the process of deciding what humanity will do in the future.

For one thing, it marks the end of a millennia-old project by the families who control monotheism to impose a god king of their lineage on the entire planet. On a shorter time span, it marks the end of a Freemason project started in 1717 to destroy Russia as a prelude to subjugating China.

It also marks the end of 80 years of the post-World War II Western-dominated international system. On an even closer focus, it marks the end of the unipolar world dominance the US enjoyed since the fall of the Soviet Union in 1991.

Gnostic Illuminati sources say what has happened is beyond biblical in scale because it means the end of a war against fallen angels that has been raging for 26,000 years.

However, on a here-and-now level, change will appear more slowly because turning around a plan that has been in motion for at least decades is not something that can be done overnight,

For example, the planning for the 2020-2023 scamdemic started 45 years earlier as can be seen by World Bank reports from 1975. The hunger crisis the elites are now trying to create also dates back at least as far. This means decades of laws, preparation by corporations and brainwashing of elite servants need to be dealt with.

Nonetheless, meetings are being held to determine how to spend trillions of dollars for the benefit of humanity and the planet's other living creatures.

Representatives of the WDS, Asian Royals and the CEO of a major international bank are meeting this week to discuss plans to release at least a trillion dollars for
